ARMOUR SPILL
PROTECTION

Armour Protection Board – Black is a 2mm thick fluted plastic sheet product which is versatile, easy to use and install, and can be used in many different applications as a temporary surface protection solution. Commonly used to protect floors, cabinets, walls, countertops, showers, doors, and more. It is lightweight, waterproof, flexible, impact resistant, easy to cut, and it lays flat, making it a first choice for many construction professionals.

Commonly used in conjunction with Armour Tape.
