ARMOUR SPILL
PROTECTION

Armour Protection Board – White is a 4mm thick fluted plastic sheet product which is versatile, easy to use and install, and can be used in many different applications as a temporary surface protection solution. Commonly used as a temporary hoarding solution where a dust barrier or temporary wall is required, especially in healthcare facilities since it is easy to clean and sanitize. It is lightweight, waterproof, flexible, impact resistant, easy to cut, and it lays flat, making it a first choice for many construction professionals.
