

ARMOUR DEFENDER-GUARD LITE

HIGH TEAR
RESISTANCE

ARMOUR SPILL
PROTECTION

LAYS OUT FLAT
AND FAST

RE-USABLE

SLIP RESISTANT

Armour Defender-Guard Lite offers many of the same features that our customers love in the regular Armour Defender-Guard, but at approximately half the thickness. It is a high strength temporary floor protection solution with great grip under foot, fully waterproof, and it lays flat every time without recoiling, which allows the user to lay it down quickly and effectively. Perfect for projects with light traffic, it offers greater durability than paper-based products and can be re-used, making it a cost-effective choice for your next job!
