RE-USABLE

SLIP RESISTANT

The Armour Bathtub Protection Cover allows construction professionals to protect tubs with ease, whilst enabling work to continue on and around the tub without causing damage. Each cover comes standard with a 22in pre-formed front cover to protect the fronts of tubs from damage as well as the top. Each one comes with pre-printed lines 1in and 2in from the outside edge for easy trimming down to size to fit your exact tub measurements. They are lightweight, easy to handle, and very reusable. Custom sizes available on special order.
